Pet Wellness Plan

Our Pet Wellness Plan is designed to cover all of the essentials to keep your pet up to date with routine care and treatments, including yearly vaccinations, parasite prevention and more.

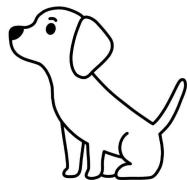

Joining our Pet Wellness Plan splits the cost of these treatments into monthly payments via a direct debit offering significant savings.

For pets over 9 months of age, we can arrange home delivery of the treatments for your convenience.

By spreading the costs of those essential treatments, it makes looking after your pet more affordable and gives you access to great benefits such as:
